CAPABILITY STATEMENT

Sanovi is a strategic advisory and execution firm delivering multi-sector consulting solutions. We help government agencies and commercial enterprises navigate complex regulations, optimize procurement, and execute mission-critical programs

Core Competencies

- **Strategic Advisory & Analysis:** Corporate growth plans, risk assessments, operational transformation models, and performance engineering.
- **Acquisition & Procurement Support:** Senior lifecycle management backed by expert FAC-C Level III contract negotiation capabilities.
- **Infrastructure & Energy Development:** Strategic planning, grid solutions, commercial models, and project lifecycle scaling.
- **Digital Transformation:** ICT advisory services, enterprise data architecture frameworks, and technological solution alignment.
- **Program & Project Management (PMO):** Failsafe execution paths, continuous KPI oversight, risk mitigation frameworks, and resource optimization.

Differentiators

- **20+ Years of Executive Field Experience:** Led by a Senior Principal with a distinguished track record driving complex initiatives across both public sector structures and international commercial markets.
- **Multi-Million Dollar Global Scaling:** Proven experience handling major multi-million and billion-dollar project portfolios across defense agencies, public utility grids, and cross-border trades.
- **Custom Elite Advisory Teams:** Rapid deployment of highly specialized agile task force units tailored uniquely to specific project needs, avoiding the overhead footprint of traditional rigid consultancies.

Past Performance & Milestones

▪ U.S. Internal Revenue Service (IRS) — \$28M Strategic Initiatives Component

Delivered mission-critical contract acquisition and strategy support components under the direct purview of the IRS Commissioner's Office.

▪ General Electric (GE) — Multi-Million Dollar Infrastructure Networks

Guided complex cross-border contract negotiations and critical project lifecycle deployment strategies for large-scale grid utility infrastructures.

▪ Transit Rail Modernization Program — \$2B Strategic System Upgrades

Successfully executed large-scale systemic planning, cross-agency regulatory alignment schedules, and master project delivery engineering.
